

**Lynn A. LaMunyon, PE, P.T.O.E.** is a Principal with the firm of Schoor DePalma, Inc. and currently serves as the Department Manager for Traffic Signals & Safety. She has been with Schoor DePalma since 1986, after beginning her traffic engineering career at Edwards & Kelcey, where she became active in the Metropolitan Section of the Institute of Transportation Engineers. She is currently a Fellow of the Institute. As International Director, Lynn is committed to providing a responsible connection between District 1 and the International ITE Community. The International Director must provide both positive and negative feedback, as well as promote the interests of those represented by the position. Lynn feels she can use the experience she has to successfully complete the job
